

Trusted Partner Mission-Focused Solutions

Superior Services & Capabilities

As a nonprofit Government partner, the Space Dynamics Laboratory has been serving the space community with reliable and innovative solutions since 1959. Partner with us for your next mission to leverage our heritage, expertise, world-class facilities, and UARC status.

AWE

FULL-SERVICE MISSION MANAGEMENT

- Cost-effective project management
- Expert mission systems engineering
- Robust safety & mission assurance

SunRISE

QUALIFIED SPACECRAFT SYSTEMS

- Fault-tolerant avionics
- High-performance thermal solutions
- Class-leading communications
- Cutting-edge propulsion

PACE OCI

PROVEN HERITAGE INSTRUMENT SYSTEMS

- Precise UV-IR optical systems
- Reliable camera systems
- Custom detector assemblies
- High-quality instrument electronics

ICON

PRECISION IN-HOUSE VALIDATION & TEST

- World-class calibration & characterization
- Specialized instrument AI&T
- Streamlined spacecraft AI&T

MOC

RELIABLE MISSION OPERATIONS

- Autonomous operations
- Multi-network compatibility
- Complete ground data systems
